

Local Business sponsors Local Children

Wychwood Cabinet Makers, based at Manor House Farm, Woodford, have agreed to sponsor sisters Georgina Hedley, aged 9, and Abigail Hedley, aged 6.

The sponsorship will help pay towards entry fees at shows and the travelling expenses incurred for Georgina and Abigail to participate in these. In the current economic climate, this is a major boost for the girls, who hope to do well in future competitions and help to promote their new sponsors at the same time.

Wychwood, who specialise in handmade Kitchens and Furniture, were delighted to sponsor the Georgina and Abigail, who they see ride past on Pippen and Caramel most days, and to take an active interest in their progress.
